Kongu Engineering College,
Perundurai.
CGPA: 8.41 (till 5th sem)

Higher Secondary | 2020-2022
SSM Lakshmi Ammal Matric Hr
Sec School, Komarapalayam.
Percentage: 94.5%

Secondary School | 2019-2020
SSM Lakshmi Ammal Matric Hr
Sec School, Komarapalayam.
Percentage: 90.4%

TECHNICAL SKILLS

- **Languages:** Java, C, SQL, HTML, CSS, Javascript
- **Libraries:** ReactJS
- **Databases:** MySQL, MongoDB
- **Tools:** Canva, Figma, VSCode, Github, Firebase, Postman

PROJECTS

1. Movie Recommendation Website | React.js, Node.js, MongoDB, Firebase | September - November 2024

Built a Netflix-style movie recommendation platform with TMDB and OMDb APIs. Implemented a mood-based movie recommendation system

2. SHRISTI'25 - Event Website | HTML, CSS, JavaScript | December 2024

Designed and developed a responsive website for event registration for the Women Development Cell of Kongu Engineering College, Perundurai.

3. Alzheimer's Disease Prediction System | TensorFlow, Keras, Streamlit, Python | May 2025

Developed an AI-powered Alzheimer's disease stage detection system using brain MRI images and ResNet-101 with transfer learning for enhanced accuracy. Built a Streamlit web interface for users to upload images and receive stage predictions.

4. Thenu's Style Studio - Beauty Parlor Booking System | React.js, Node.js, MongoDB, Socket.io | Present

Built a premium beauty parlor booking platform with real-time appointment management and WhatsApp notifications via Twilio API for booking confirmations. Implemented an admin dashboard with appointment approval system for efficient management.
